

## REPLY TO TAUBENECK

An Address Prepared and Issued In  
Answer to the Populist Chairman.

### MR. PATTERSON AND FOLLOWERS

Agree That the Populist Party Is Necessary to the Country—Oppose the Naming of Another Ticket In Opposition to Bryan and Sewall—"Silver Necessary to Bring Back Prosperity."

St. Louis, July 20.—Hon. Thomas M. Patterson, chairman of the regular Colorado delegation to the Populist convention, arrived yesterday and with others immediately began a crusade in behalf of the nomination of Messrs. Bryan and Sewall by the Populist convention. During the evening Mr. Patterson and his co-adjutors prepared and issued an address in reply to Chairman Taubeneck's appeal to maintain the autonomy of the party by taking a position against the nomination or endorsement of the Democratic candidates. The address of the Bryan followers as prepared by Mr. Patterson is as follows: "We agree with Chairman Taubeneck that the all absorbing question with Populists is and should be how can they assist in the speedy restoration of silver to its former place and at the same time maintain and advance their party organization. We believe that the Populist party is necessary to the country, and should it be disbanded or become consequential for want of numbers and money power would soon resume complete sway over both the old parties and the masses be deprived of a protector from the greed or corporations, trusts and syndicates.

"We emphatically disagree with those who to the means by which these ends are to be secured. To nominate an independent ticket, one in opposition to Messrs. Bryan and Sewall as it would make it impossible to restore free silver during the lifetime of the youngest in the coming convention, it would practically annihilate the Populist party so far as followers are necessary to make a party. The 'lead' might hold frankly to the organization during the campaign, but at the close they would find its followers in fellowship with the Democratic party, and having voted its ticket under the name and emblem of that party they should be elected, they would be a little obstacle to continuing with it. Should Nominate, Not Indorse.

"Instead of nominating others, the Populist convention should nominate, indorse Bryan and Sewall. The convention should make these two men nominees—the party nominees. It should adopt its own platform, of principles and place them upon it as their own for president and vice president. It should do this delegates can return to their homes and, looking constituents in the face, say: 'We have made this sacrifice of party pride to make the enactment into laws of the measure of the great measures for our party has struggled. In doing this we have proven that our party is ready to do whatever is necessary to secure practical relief to a suffering country, even to the extent of supporting candidates nominated by other parties.' No greater test of party devotion to principle can be devised and, in that test, that the People's party is preeminently worthy of the confidence and support."

"Restoration of Silver Necessary. The proposition of Mr. Taubeneck that never one party indorses the national ticket of another, it has 'no further existence' is wholly without precedent to sustain it. The chairman's proposition is simply this: 'The restoration of silver is known to be absolutely necessary to bring back the prosperity of the departed prosperity. The Democratic and People's party are both upon this and some other vital issues, but otherwise they differ. The Democratic party adopts a platform of silver presidential candidates and known to be sincere in advocacy of these vital measures. The Populist party is pledged to measure the extreme reverse of those upon the Democratic and Populists agree, unless Democrats and Populists the Republican party will win. The policy of ruin indefinitely continued. Now, because the People's party is organized capacity, to make certain obtaining these measures, known that they are lost, will be lost for ever, and seeing no other chance through which their success is secured, adopts the Democratic ticket it has no further use to exist."

"The strange logic, indeed that the Populist party must die because it does not believe that it must die because it is not a party, and magnanimous and patriotic to go out side of its own ranks to support a presidential candidate for one who, not a Populist in name, is in sympathy with it for its most vital and vital measures to remove the blighting curse from the country."

"Mr. Taubeneck's Plan. The claim of Mr. Taubeneck that the Populist party should be an ally and not an enemy of the Democratic party is an ancient dream. Considering the strength and powerful organization of the Democratic party coupled with the plain assurance which it has that the Populist and free Republicans will flock to Bryan and Sewall by hundreds of thousands, the Populist national convention may do, it may be considered on the occasion that the Democratic

He Secures Several Hundred Dollars In the Northern Part of the State—Winona Summer School Opens—Mill Gives Employment to Many Idle Men—Indiana News Notes.

LOGANSPORT, Ind., July 20.—Rev. G. E. Scott pastor of the First M. E. church of Waterloo, Ia., and Miss Daisy Dorian was arrested here Saturday evening as they were leaving the dining room at the Barnett hotel. Miss Daisy Dorian is the 15-year-old daughter of P. S. Dorian, a prominent citizen of Waterloo. The couple eloped from Waterloo on the morning of July 7, and came to this city, arriving here July 10. Rev. Scott, who is a man of 45, took quarters at the Barnett hotel, where he registered as "H. Henry and wife, Des Moines, Ia." Nothing in the appearance of the couple excited comment, except the apparent disparity in the ages. A newspaper correspondent, who had noticed the couple in the dining room, saw a circular letter received by Sheriff Adams describing the couple and offering a reward of \$50 for their arrest. He recognized them from the description and told the sheriff where they could be found. The sheriff at Waterloo was notified at once and wired to arrest and hold, which was done.

STAR CITY, Ind., July 20.—The first attempt to import miners into the state to take the place of the men in the bituminous field, who went out on strike May 1, was made Saturday, when 50 men were brought from Pana, Ills., to this place. The last time miners were brought into the state during a strike was to this same mine in 1892, on which occasion the neighboring farmers drove them away, and it is expected the farmers will repeat the act. President Knight of the United Mine Workers of the state has called a convention for next Thursday at the request of the miners of Sullivan, Greene and Knox counties, who want to call out all miners now at work, there being several hundred at work at the 60-cent price and several hundred at 55 cents, the latter being the price operators offer.

EAGLE LAKE, Ind., July 20.—This is the opening day for the summer school at this assembly. Dr. John M. Coulter of Chicago University has general charge. Six different departments are represented. The opening exercises were held this morning in the auditorium. Addresses were made by Dr. Stanley Coulter, Professor J. H. McMillan, Dr. Henry Johnson of South Bend and others. The enrollment of the registrar's office is very encouraging. Professor Thomas Dinsmore of the State Normal school, Emporia, Kan., gives the second of his two illustrated science lectures this evening. Subject, "A Visit to Other Worlds." The Women's club, led by Mrs. D. B. Wells and Miss Sharp of Westminster seminary, Fort Wayne, also commenced its sessions today. Good Citizenship day is set for next Thursday.

### BOLD SWINDLER AT LARGE.

Obtains Money by Offering Goods at a Liberal Discount.

LINCOLNVILLE, Ind., July 20.—Nathan King and Clark Wilson of this place were duped by a swindler claiming to represent a Chicago wholesale house, who offered to sell them any article they wanted at one-half the wholesale price. The men bought bills of goods and the stranger then proposed to make a further discount of 10 percent if the money was paid him at once. They agreed to this and the agent disappeared and the men are out their cash. The fellow had a large number of orders taken in counties around Wabash, representing hundreds of dollars, upon which it is said he had obtained the money.

## ANOTHER STRIKE PROBABLE

Likely That All the Bituminous Miners  
Will Be Called Out.

### INDIANAPOLIS, July 20.—President

Knight of the Mine Workers' union has been called to Jackson Hill on important mining business. While there he said a state convention would be called at Terre Haute Wednesday, the object of which is to call out the bituminous miners who are working at present without regard to whether they are receiving the scale and, the president says, under the many different systems by which the operators have settled with their men, it is a drawback in winning the strike.

In a codicil dated May, 1888, the Forest street house, which was Mrs. Stowe's home for so long, is bequeathed to her daughters Harriet and Eliza.

The inventory of Mrs. Stowe's estate foots up at \$42,353.98.

### KENTUCKY TRAGEDY.

Cold Blooded Murder Committed at a Church Door.

HARRISBURG, Ky., July 20.—A cold blooded murder was committed at the Benton Baptist church, seven miles from this place. William Board was chatting with some neighbors at the church door. Board's wife had entered the church. James Wesley Bugg came up unobserved and shot Board three times in the back. Before dropping dead Board fired one shot at his fleeing assailant. Those in attendance at the church pursued Bugg, capturing him and threatened to lynch him, but he was turned over to the authorities. There are still threats of lynching. Bugg charged Board with intimacy with the former's wife. Board leaves a widow and six children, the eldest being aged 6 years. Bugg had once separated from his wife and recently they resumed living together.

### REIGN OF TERROR.

Counties Bordering on the Ohio the Scenes of Depredations.

CINCINNATI, July 20.—Specials indicate a reign of terror in the counties of Scioto, Meigs and Gallia, bordering on the Ohio river. At Portsmouth the Second Presbyterian church was badly damaged by dynamite. Previously there were attempts to blow up with dynamite the powerhouse of the street railway and the Officers school building. A gang of 27 outlaws is said to be evading all efforts of the officers and posse to capture them in Meigs and Gallia counties. Several people have been robbed on the highways and many houses burglarized. The large stock barn of Judge H. A. Kent was burned by incendiaries. Vigilant committees are on duty around Pomeroy and Middleport.

CLEVELAND, July 20.—The celebration of the centennial of Cleveland began yesterday with appropriate services in all the churches. In the afternoon there was a massmeeting at Central armory, at which addresses were delivered by representatives of the Protestant, Catholic and Jewish faith, and other exercises of appropriate nature. Meager Details of the Arrest of an Officer in Honolulu.

SAN FRANCISCO, July 20.—The steamship China arrived from Yokohama and Honolulu yesterday, bringing the following news from Honolulu, dated July 18: Captain John Good, who has been in charge of one of the government military companies since the overthrow of the monarchy, was deprived of his sword this morning and placed under arrest by order of Colonel McLenn. For some time there has been friction between Good and his superior officers and the arrest is the result. Minister Cooper will not give the exact cause for the arrest, but it is understood Good refused to obey orders. Other grave charges are hinted at, said to have been preferred by Lieutenant Coyne of Good's company. Good took a prominent part in the 1893 revolution. It was he who fired on the native police when they attempted to capture a wagon load of arms and ammunition; one officer being badly wounded, but finally recovered.

Senator Dubois explained the unexpected delay by saying that the discussion had been prolonged much longer than they had anticipated, and although they had not fully agreed upon the contents of the document, they would not be able to get it in shape until today on account of several important changes from the original draft.

## CROP BULLETIN.

Fruit Throughout the Country Reported to Be In Bad Condition.

### WASHINGTON, July 20.—Generally

poor condition of fruit throughout the country is announced in the agricultural department report just published. Apples declined in condition from 71 to 64.6 during June. Prospects for excellent crops still continue in New England, New York, Pennsylvania, Michigan and Iowa. Conditions are also very fair in Nebraska and several of the mountain states. In other parts of the country the condition of the crop is far below the average, being lowest in the Atlantic coast states, where percentages are generally below 50. In the Ohio valley and certain of the western states not yet referred to the figures are somewhat higher, but nowhere above 67 which is the percentage returned for Illinois and Missouri.

The peach crop promises to be of medium proportions. During the past month a fall of 12.9 points has taken place, leaving the general average now 51.8. Good crops are expected in Delaware, Maryland, Ohio, Michigan, Illinois, Indiana, Kentucky, Missouri and Kansas. The crop has suffered considerably in California, as is shown by a condition of 75, which is lower than any July condition in that state since 1890. In New Jersey the fruit is falling badly. The Connecticut and New York orchards promise very little fruit, and in Pennsylvania the condition is no better than in contiguous New Jersey, standing at 52.
